

## We are GW Osteopathy

Expert Osteopaths and Sports Therapists in Surrey

### Dear Business Owners,

We have experience in working with many commercial and public sectors and we provide flexible programmes to suit the type, size and needs of your company and your employees.

Our services are cost effective and designed to enable your business to:

- reduce sickness absence costs
- improve staff morale, motivation and efficiency
- comply with legal requirements

Occupational Osteopathy specialises in back and neck pain prevention and treatment, management, and treatment of musculoskeletal problems including RSI and HAVs thus improving the health and wellbeing of your workforce and increasing productivity.

We can provide your business with any or all of the following:

- Early advice and treatment of injuries that would otherwise result in time off work
- Advice and treatment of pre-existing injuries
- On-site Osteopathy Clinics – at your own location (suitable for businesses who have treatment room to use with suitable set up)
- Off-site Osteopathy Clinics - at one of our four premises in Surrey (Preferred option)
- Back and Neck Pain Prevention Workshops
- Workstation Setup Advice (DSE)
- Ergonomic Work site Assessment
- Manual Handling & Back Care Classes

Sincerely,

**Gemma Ware and The GW Team**
