Dear business owner,

Are you struggling with staff absence or lack of productivity? We've all seen the stats about increases in absence rates compared to pre-2020, but it can be hard to know what to do about it. Whether the absence or low productivity is caused by postural and work-related aches and pains, RSI affecting wrists and elbows, or headaches and stress, it can be helped by osteopathy.

So, what can you do to help both your staff and your business? We offer a discounted rate for all osteopathy or sports massage treatments for the staff of our partner organisations. These treatments can take place at any of our local clinics or in your premises if suitable treatment rooms are available.

A little about GW Osteopathy

We are the largest osteopathy clinic in Surrey, with many years experience working with the general public and selected partners in the commercial and public sectors.

Our services are cost effective and designed to enable your business to:

- Reduce sickness absence costs
- Improve staff morale
- Increase staff motivation and efficiency

We work from clinics in Guildford, Stoughton and Godalming as well as being available to come to your business premises if you have a suitable room.

Osteopathy Partnership Offer

We offer our partners special rates for treatments, packages and in house treatment blocks.

Osteopathy and sports massage treatments

We offer an agreed discount on individual osteopathy and sports massage treatments of between £10 and £15.

Treatments plans

Treatment plans can be purchased upfront for individuals to use over a period of time. This provides a discounted rate for packages of 3, 6 or more treatments if you want to offer your staff packages of treatments.

Scheduled time in your premises

We can also offer a special hourly or half day rate if we are able to use a room at your premises that is fully equipped with a treatment table. Your staff can then book in to see us on the days we are there. If this option is of interest to you, please let me know and we can discuss rates.

Interested in becoming a partner

Let me know that you're interested by emailing gemma@gwosteopathy or calling me on 07532 256454 and we'll have a chat about what your office or workplace set up is, how many staff you think would benefit from our partnership and what rates we can offer you.

If you'd like to find out more about us and the benefits of osteopathy for the workplace, please visit: <https://www.gwosteopathy.co.uk/services/osteopathy-at-work/>

We look forward to hearing from you and we hope that we can become part of your wellness package offered to your employees.

Yours sincerely,

Gemma Ware (B.Ost / Dip. ST)
